

# TINY TRAIN CAKES

## Ingredients

- Packet of Chocolate Mini Rolls (or Fun Size Chocolate Bars)
- Smarties
- Licorice Allsorts
- Black Writing Icing (in a tube)
- Strawberry or Licorice Laces (for train tracks)

## Method

- Lay out your chocolate cake rolls on a plate.
- Using the icing as glue, stick a square licorice allsort at one end of each cake roll, on top, to make the train's cab.
- TIP - You could also use ready made chocolate buttercream to stick everything together.
- Stick a round licorice allsort to the other end of the cake roll to make the funnel.
- Stick 4 coloured sweets (we've used Smarties) to the sides of your train to make the wheels.
- You could also make some train tracks out of strawberry or licorice laces.
